Located at SB Army Community Service
(Bldg. 690)

* Sites subject to change based on availability

EFMP Rights & Responsibilities

Report Changes in EFMP Status. The EFMP enrollee will immediately notify the EFMP Coordinator, Medical Treatment Facility, and/or school on any changes that affect the status of the EFM.

Re-enroll (if applicable). Enrollment update is mandatory every three years.

Contact the Installation EFMP Coordinator upon arrival. Initial contact must be made with the Installation EFMP Coordinator at ACS to assist in identifying resources and services available to EFMP enrollees at the installation.

Notify Installation EFMP Coordinator upon DEROS. EFMP enrollees will immediately notify the Installation EFMP Coordinator at ACS once they receive orders transferring them to a new installation or any other location. This allows for the opportunity to coordinate resources and services available at the gaining installation or location.

Privacy and Confidentiality. Each EFMP enrollee is afforded reasonable privacy in regard to the services they receive, the Family Member's special need, and the extent of the Family Member's disability. The EFMP enrollee records are kept confidential.

Medical Treatment. EFMP enrollees will be allowed access to medical care from the Medical Treatment Facility or referred to the appropriate medical Facility for service in accordance with the Family Member's special need.

Educational Services. Department of Defense Dependent Schools (DoDDS), if applicable, will make reasonable accommodations for school age children identified as Exceptional Family Member. Those services may include but are not limited to school and classroom modification, Individual Educational Plans (IEP), special education services, and/or individual teaching methodologies. These services will coincide with the Public Law 105-17, Individual with Disabilities Educational Act (IDEA).

Housing. EFMP enrollees will have access to reasonable accommodations to their Family housing in support of the Exceptional Family Member. Those accommodations shall be in the form of renovations, access to the building and parking and anything else associated with quality of life for the EFMP enrollee. Off post requirements are looked at on a case-by-case basis due to the nature of contracts and leases with local laws, regulations and landlords.

Public Facilities. In accordance with PL 101-336, American with Disabilities Act of 1990, facilities that receive government funding will provide reasonable accommodations to individuals identified with disabilities.

Information. EFMP enrollees will be kept informed on issues that affect them and their status as EFMP enrollees.

Transfer and Continuity of Services. EFMP enrollees shall be afforded the opportunity to transfer and continue services upon their transition to any US military installation or other location to include all the services mentioned above.

CYS Parent Central Services
Bldg. 1782
Honolulu, Hawaii
Phone: (808) 833-5393

EXCEPTIONAL FAMILY MEMBER PROGRAM

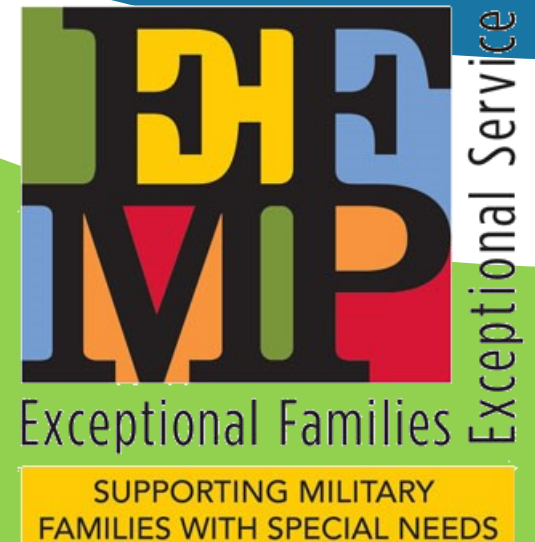

310 Brannon Rd.
Building 690
Schofield Barracks, HI
(808) 655-4ACS

MIAT

Multidisciplinary Inclusion Action Team

What is a MIAT?

The **Multidisciplinary Inclusion Action Team (MIAT)** is a regulatory process to assess requirements that support children/youth with special needs who are requesting child care/youth supervision programs in Army Child & Youth Services (CYS).

What is the Parent's Role?

Parent participation as a **MIAT** Core team member is crucial. You will be informed of the date, time and location of the **MIAT**. Parents are responsible for providing all requested and/or required medical information to APHN for review before the child placement is determined. Documentations may include, but are not limited to: medical documentations, statements of illnesses, allergies, reactions and treatment, copies of the Individualized Family Services Plan (IFSP), Individualized Education Plan (IEP), and Behavioral Support Plans (BSP). All of these items may be needed to facilitate the **MIAT** process.

The MIAT team include parents or guardians; ACS Exceptional Family Member Program (EFMP) designee; Army Public Health Nurse (APHN); Child & Youth Services designee; and other appropriate personnel to consider feasibility of program accommodations and availability of services to support child and/or youth needs.

Who may be referred for a MIAT meeting?

Some examples of **MIAT** referrals are Children with:

- Asthma
- Allergies
- Diabetes
- Seizure Disorders
- Epilepsy
- Autism
- Down Syndrome
- Behavioral Concerns
- Physically Challenged
- Learning Disabilities
- Sensory Impairment (Hearing/Vision)
- Developmental Delays
- Speech/Language Impairment

MIAT Procedures

Parent will complete a **CYS DA form 7725 Health/Development Screening Tool**.

If the parent checks "yes" on Part-B of the Health/Development Screen Tool, a **Medical Action Plan (MAP)** and/or **Special Diet Statement** will be provided to the parent (as needed). The **MAP/Special Diet Statement** would need to be filled out and completed by a physician before returning the forms to Parent Central Services.

Parent Central Services will then forward the Health/Development Screening and completed **MAP/Special Diet Statement** or any Health Screening Tool with medications listed, or any other medical conditions or therapies disclosed by the individual completing the health screening tool to APHN and EFMP for review and recommendations.

In the meeting, the **MIAT** team will discuss recommendations of developmentally appropriate environment; considering any health, developmental, physical, social, emotional, learning, and behavioral issues that affect your child to determine appropriate settings while participating in **CYS**.
